

FlexiLight Natural Candle Shells

The classy alternative to pillar candles

Natural Candle Shell Ivory 30 x 8 cm & 25 x 8 cm

FlexiLight Natural Candle Shells

A versatile candle that never drips, that won't burn down and which is a hassle-free alternative to conventional wax candles!

FlexiLight Natural Candles Shells can easily endure significant sun-impact or heat and won't deform or bend just as traditional wax candles would. Therefore they are perfectly suitable for use in lanterns, on candleholders, as a decoration on mantelshefts or as an eye-catcher in your yard. They are the perfect companion for excessive outdoor BBQs or long, cozy winter-nights. There are almost no limits to your imagination.

Our product advantages as opposed to traditional wax pillar candles:

- ⊕ Long burn-times of up to 100 hours
- ⊕ No tenacious wax-stains
- ⊕ Does not drip and is burning sootless
- ⊕ Won't burn down: always looks brand new
- ⊕ Absolutely safe thanks to the safety deco sleeve
- ⊕ Low cost per burn hour

Natural Candle Shell Ivory 40 x 8 cm

You can choose the model of your choice from two different colors and **flexible both in length and diameter**. The corresponding safety deco sleeve will give the natural candle shell its **realistic optics and enhances product safety**: If the candle topples over, the safety deco sleeve slightly slides up and extinguishes the flame. Our natural candle shells are available **individually or as a discount-bundle**.
