

Lumis, Cara, Curl & Fény

The classy alternative to tea lights

FlexiLight easy

Lumis, Cara, Curl & Fény

Our FlexiLight easy Table Lamps are a particularly inexpensive and beautiful alternative to traditional tea lights or regular wax candles. With a burning life of up to 53 hours (depending on the chosen flame size) they combine not only hours of effortless usage but are also a very clean and safe alternative to conventional wax candles.

Our product advantages in comparison to regular wax candles:

- ⊕ Long burning time
- ⊕ No more wax stains on table cloth or lamp glasses
- ⊕ Saves you time and money
- ⊕ No more wax residues of burnt-down candle-stubs that have to be disposed

Lumis, Cara, Curl and Fény offer you maximum freedom when it comes to creating a beautiful table-decoration with minimal effort.

All lamps can be decorated on tables, bars or anywhere within the restaurant or outside. They burn extremely soot- and odorless. Annoying wax-stains are a thing of the past and you can now spend your time with more important things than cleaning up the candle mess.

FlexiLight Cara, Curl & Fény

Our table lamp Cara offers a maximum number of combinations with an either chrome- or brass-brushed base.

Curl Black offers a beautiful matt black spiral-shaped lamp base.

Fény comes with an all-new natural look: The round lamp-base made of light beechwood suits both modern as well as rustique interiors extremely well. The texture of the wood makes each lamp base unique.

All lamps can be combined with our colorful glasses in 6 different colors.
